

Features

- 45 W
- 800 ~ 1800 meters range
- 10 x D type batteries or 12V DC
- Wireless VHF (ERV-68)

ERV-68 are the most powerful megaphones of the range with 45W output. Featuring up to 1800 meters range those models have an excellent intelligibility and a consistent coverage. They can be operated with the shoulder strap for pedestrian applications. In case of fixed position they can be mounted on a stand with an optional adaptor or simply placed on a flat surface. ERV-68 is equipped with a VHF receiver module for wireless applications. The PTT microphone is detachable and can be unplugged for replacement or wireless use.
